II. Course Description

This course examines the social, cultural, economic, and political development of what became the United States from sixteenth-century European colonization through the Civil War and Reconstruction. Viewing American history in an Atlantic context, this course emphasizes the relationship between native peoples and European settlers, the origins, character, and evolution of chattel slavery, and the role of religion, technology, war, and capitalism in shaping American society. Understanding these crucial themes will reveal how the world we live in today came to be.

The course readings can be found in the textbook *Give Me Liberty!* (Eric Foner) and in an accompanying collection of primary sources in *Voices of Freedom* (Eric Foner).

III. Learning Outcomes

By the end of the course, you will be able to:

1. Identify the key events and themes in American history from 1607 to 1877.
2. Appreciate the ways in which the interaction of diverse peoples from three continents influenced the development of American culture, politics, and society.
3. Understand the ways in which the early American past shapes the world we live in today.

4. Analyze and contextualize historical evidence.
5. Articulate claims about the past in the form of thesis statements.
6. Write clearly and persuasively.

IV. Learning Resources

Required Books

Eric Foner, *Give Me Liberty!: An American History*, Vol. 1: To 1877 Seagull Sixth Edition, (New York: W.W. Norton & Co., 2017).

Eric Foner., *Voices of Freedom: A Documentary History*, Volume 1: Sixth Edition, (New York: W.W. Norton & Co., 2017).

These books can either be purchased through the University Book Store or rented online from Amazon. Be sure to get the 6th edition of each. Be aware that the readings do not always match perfectly with the week's lectures. They are meant to augment not replace the lectures.

V. Course Requirements

Lectures:

In this online course, I will deliver course content through lectures. These lectures and PowerPoint presentations will be uploaded to Brightspace daily. I expect you to watch the lectures and take thorough notes. Readings from the Textbook *Give me Liberty!* are supplementary.

Participation: "Source Responses"

In addition to watching the lectures, I expect you to complete the "Source Response" on Brightspace by 5pm its due date. What is the "Source Response" you say? You will read one of the primary sources in *Voices of Freedom* and produce a one paragraph written response to a question I provide in Brightspace. You will upload your response. Each response will be graded out of 10 points. All your responses combined will be worth 10% of your final grade. You can miss one "Source Response" without any penalty, just let me know which week you plan to miss.

Major Term Assignments:

In addition to completing the "Source Response" weekly, you will also complete two short papers, a midterm exam, and a final exam. For your papers, you will compose clearly organized and argued responses to the broad questions below. A grading rubric is available on Brightspace.

FIRST SHORT PAPER (3-4 pages). DUE: Wednesday, 10/28 by 5pm via Brightspace.

How did the Indigenous Peoples of North America respond to European colonization?

SECOND SHORT PAPER (3-4 pages). **DUE: Wednesday, 12/2** by 5pm via Brightspace.

How did the institution of chattel slavery shape the development of the American Republic from 1783 to 1860?

EXAMS: We will have a midterm and final exam. These exams will be conducted online through Brightspace. Because these are open-book exams, they do not require memorization or the simple regurgitation of facts. Instead, you will write an essay in response to a prompt. You will use evidence from the lectures and readings (facts) to support a thesis (interpretation) in response to a question (problem).

OVERALL GRADE BREAKDOWN:

Source Responses: 10%

First paper: 25%

Midterm: 20%

Second Paper: 25%

Final Exam: 20%

Grading Scale:

97-100	= A+
93-97	= A
90-92	= A-
87-89	= B+
83-86	= B
80-82	= B-
77-79	= C+
73-76	= C
70-72	= C-
67-69	= D+
63-66	= D
60-62	= D-
< 60%	= F

All grades will be rounded to the nearest whole number.

VI. Classroom Policies

My policies are simple:

Attend class as much as you are able.

Do the reading.

Do the assignments.

Be respectful.

Use common sense.

Do your own work. Do not plagiarize or cheat.

Do not use contractions in formal writing.

If you have a question, ask me in person or via Email.

Late papers will be penalized **one-third grade per day** [example: an A paper that is one day late becomes an A- paper]

If you cheat or plagiarize, you will fail this course. Period.

For a more detailed explanation of the above, see the University Policies:

“Purdue prohibits ‘dishonesty in connection with any University activity. Cheating, plagiarism, or knowingly furnishing false information to the University are examples of dishonesty.’ [Part 5, Section III-B-2-a, Student Regulations] Furthermore, the University Senate has stipulated that ‘the commitment of acts of cheating, lying, and deceit in any of their diverse forms (such as the use of substitutes for taking examinations, the use of illegal cribs, plagiarism, and copying during examinations) is dishonest and must not be tolerated. Moreover, knowingly to aid and abet, directly or indirectly, other parties in committing dishonest acts is in itself dishonest.’ [University Senate Document 72-18, December 15, 1972]”

Attendance Policy:

Students should stay home and contact the Protect Purdue Health Center (496-INFO) if they feel ill, have any symptoms associated with COVID-19, or suspect they have been exposed to the virus. In the current context of COVID-19, in-person attendance will not be a factor in the final grades, but the student still needs to inform the instructor of any conflict that can be anticipated and will affect the submission of an assignment or the ability to take an exam. Only the instructor can excuse a student from a course requirement or responsibility. When conflicts can be anticipated, such as for many University-sponsored activities and religious observations, the student should inform the instructor of the situation as far in advance as possible. For unanticipated or emergency conflict, when advance notification to an instructor is not possible, the student should contact the instructor as soon as possible by email, through Brightspace, or by phone. When the student is unable to make direct contact with the instructor and is unable to leave word with the instructor’s department because of circumstances beyond the student’s control, and in cases of bereavement, quarantine, or isolation, the student or the student’s representative should contact the Office of the Dean of Students via [email](#) or phone at 765-494-1747. Our course Brightspace includes a link on Attendance and Grief Absence policies under the University Policies menu.

Students with Disabilities:

Students who need special accommodations to participate fully in class should contact me as soon as possible. While I will do everything in my power to accommodate your needs, Purdue University requires you to provide me with appropriate written documentation and to have that documentation on file with Student Services. Students should be aware that Services for Student Disabilities are available at 494-1247 if you need further assistance.

Protect Purdue Plan: The [Protect Purdue Plan](#), which includes the [Protect Purdue Pledge](#), is campus policy and as such all members of the Purdue community must comply with the required health and safety guidelines. Required behaviors in this class include: staying home and contacting the Protect Purdue Health Center (496-INFO) if you feel ill or know you have been exposed to the virus, wearing a mask [in classrooms and campus building](#), at all times (e.g., no eating/drinking in the classroom), disinfecting desk/workspace prior to and after use, maintaining proper social distancing with peers and instructors (including when entering/exiting classrooms), refraining from moving furniture, avoiding shared use of personal items, maintaining robust hygiene (e.g., handwashing, disposal of tissues) prior to, during and after class, and following all safety directions from the instructor.

Students who are not engaging in these behaviors (e.g., wearing a mask) will be offered the opportunity to comply. If non-compliance continues, possible results include instructors asking the student to leave class and instructors dismissing the whole class. Students who do not comply with the required health behaviors are violating the University Code of Conduct and will be reported to the Dean of Students Office with sanctions ranging from educational requirements to dismissal from the university.

Any student who has substantial reason to believe that another person in a campus room (e.g., classroom) is threatening the safety of others by not complying (e.g., not wearing a mask) may leave the room without consequence. The student is encouraged to report the behavior to and discuss next steps with their instructor. Students also have the option of reporting the behavior to the [Office of the Student Rights and Responsibilities](#). See also [Purdue University Bill of Student Rights](#).

Academic Integrity: Plagiarism refers to the reproduction of another's words or ideas without proper attribution. [University Regulations](#) contains further information on dishonesty. Plagiarism and other forms of academic dishonesty are serious offenses and will be treated as such in this class. You are expected to produce your own work and to accurately cite all necessary materials. Cheating, plagiarism, and other dishonest practices will be punished as harshly as Purdue University policies allow. Any instances of academic dishonesty will likely result in a grade of F for the course and notification of the Dean of Students Office.

Nondiscrimination Statement: Purdue University is committed to maintaining a community which recognizes and values the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her own potential. In pursuit of its goal of academic excellence, the University seeks to develop and nurture diversity. The University believes that diversity among its many members strengthens the institution, stimulates creativity, promotes the exchange of ideas, and enriches campus life.
