WORKS IN PROGRESS

Book

- "The World in the US: Imports and the Development of the Modern United States," new book project that analyzes the influence of commercial and agricultural imports on American society, politics, and culture during the nineteenth century

Digital History Project

- "The World in the US: Imports and the Development of the Modern United States." This ongoing project is mining and mapping Department of Treasury import data from 1790-1965 to illustrate the influence of the world on American history. I expect to conduct a similar project to illustrate U.S. exports.

Articles

- "Imports, European Empires, and American Political Economy During the First World War," under revision
- "The Enactment of Immigration Quotas & American Foreign Relations, 1921-1924," article in Progress
