CLASSICAL STUDIES COURSES MAYMESTER 2016

CLCS 18100 Classical World Civilizations
Rauh (2 sections)
Distance learning

Introduction to "Classical" civilizations on three continents (Europe, Africa, and Asia) interconnected by an ancient world system. Focus on essential themes of past civilizations: religion, philosophy, surviving texts, gender relations, urbanism, technology, social and political formations.

CLCS 23500 Classical Mythology
Dickson

Study of the myths of western antiquity, as represented in ancient Greek and Latin texts and images. Emphasis on how modern habits of thinking — about nature, self, society, power, sexuality, gender, work, death — are influenced by Greco-Roman myths.
