How to change your career account password (Mac)

1. If you are not on Purdue’s wired network on campus please connect to the Purdue VPN before proceeding.
2. Click on the apple icon in the upper left corner and choose “System Preferences.”

3. In System Preferences, choose “Users and Groups.” (Fourth row, first icon)
4. Next to your user account, click on “Change Password.”

5. Type your old password. Type your new password twice. Click “Change Password.”

New passwords:
- Must contain at least 1 letter
- Must contain at least 1 number or punctuation mark
- Must be between 8 and 16 characters long.
- Must be a different password than the previous password.
- Passwords may not be re-used for 1 year.
