The benefits of Studying Abroad

There are no disadvantages to studying abroad and all the benefits are so many that it is impossible to list them all, but here are the top 5 reasons you should consider studying abroad:

1) To improve your Spanish;
2) To live, eat, laugh, and dream in Spanish;
3) To complete an entire course in Spanish wherever you can experience the culture.
4) To have an experience living abroad.
5) Fast track the completion of your Spanish minor or major.
6) To study Spanish in Spain!

Courses offered:

SPAN 398: Spanish Politics and Society
SPAN 398: Spanish Modernism/Art Nouveau
SPAN 301: Spanish Level V

*This is a 6 cr program. You must take two courses. These two courses will count towards your Spanish major or minor. You may sign up for both content courses, if you have already taken SPAN 301. If you have not taken SPAN 301, you can then take SPAN 398 and SPAN 301.
