

VOLUNTEER TO IMPROVE TEACHING AND LEARNING AT PURDUE!

ORAL ENGLISH PROFICIENCY PROGRAM

The OEPP seeks volunteers to help our international graduate students prepare to become highly-effective teaching assistants at Purdue.

Our unique program supports the international graduate students by helping them to develop and hone their language and communication skills for teaching at Purdue, and also for their broader professional development.

- **Chat** informally with our international graduate students.
- **Participate** in mini-lessons taught by the international graduate students, then provide feedback on a short form.
- **Engage** in roundtable conversations: share your ideas and experiences with international graduate students about living and learning at Purdue.
- **Earn** an Intercultural Communication Partner Certificate by volunteering for 10+ hours.
