***Students must declare intent to complete the three year degree by the end of their freshman year.**

With planning students will be able to complete the University Core Curriculum as they are completing the CLA core and major requirements. Advanced Placement, transfer, or test-out credits will reduce semester loads. Communication provides online sections for many of these courses, which allows flexibility for students who also hold jobs. With planning students will be able to enroll in experiential learning opportunities along the way, such as study abroad, internships, and research with a professor.

Concentrations for Communication Majors:

Business Communication, Communication Science & Technology, General Communication, Health Communication, Interpersonal Communication, Media & Mass Communication, Political & Civic Communication, and Public Relations & Strategic Communication
